

Keep Your Eyes On The Road (words and music by John Torres)

Intro C# G# F# (x4)

As you travel on child
My wish for you.
Is that you'd have no trouble
your whole life through
But I can promise you this wish of mine
will never come true
cause the journey can be so unkind
and I can't always be there for you
So take these words to heart

Keep your eyes on the road
let the Lord guide your soul
As you drive through the darkest of nights
Keep your eyes on the road
that is leading you home
To the Lamb of God
To the Morning Star
Keep your eyes on the road

C# G# F# (x2)

The traffic will be dangerous
the weather bad
Sometimes you'll get tired
impatient or mad
But the hardest thing of all
is when you don't know where you are
and it seems your all alone
and your very very far
from where you want to be

Keep your eyes on the road
let the Lord guide your soul
As you drive through the darkest of nights
