I Want To Go To Heaven (words and music by Artie Clarke)

I want to go to Heaven.  
I think that you should know.  
I've got my suitcase packed and  
I'm ready to go.  
I want to leave tomorrow,  
please don't make me wait.  
I want to go, I want to go to heaven.

I want to go to Heaven and  
see my saviors face.  
I'll bow down and thank Him for  
His amazing grace.  
I'll take all my joys and sorrows and  
lay them at His feet.  
I want to go, I want to go to Heaven.

When I see the stars at night in all their glory,  
my heart longs for eternity.  
When I hear a church bell ring and the gospel story,  
Heaven's where I want to be.

(Piano Solo)

When I see the stars at night in all their glory,  
my heart longs for eternity.  
When I hear a church bell ring and the gospel story,  
Heaven's where I want to be.

Now when I get to Heaven  
I'll take a look around.  
I'll dance on those streets of gold and  
kiss that holy ground.  
I'll live round the bend,  
from Abraham you see.  
I want to go, I want to go to Heaven.  
I want to go, I want to go to Heaven.  
I want to go, I want to go to Heaven.
